***Response to Amendment***

1. This action is responsive to communication filed on September 07, 2006. This amendment has been entered and carefully considered. Claims 1-14 are again presented for examination.
2. Claims 1-14 are allowed.

**EXAMINER'S AMENDMENT**

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
4. Authorization for this examiner's amendment was given in a telephone interview with David A. Fox (Reg. No. 38,807) on 09/11/2006.
5. The application has been amended as follows:
  - Claim 1, line 3: Replace the phrase "a first operational mode" with --a cache mode--
  - Claim 1, line 8: Replace the phrase "a second operational mode" with --a memory mode--
  - Claim 1, line 11: Replace the phrase "a write command pulse" with --a write directory pulse--
  - Claim 8, line 17: Replace the phrase "a write command pulse" with --a write directory pulse--

### REASONS FOR ALLOWANCE

6. The following is an examiner's statement of reasons for allowance:

The prior arts of record do not teach nor suggest, either alone or in combination, all the limitations of the amended claims of the current invention (independent claims 1 and 8); particularly a method and system of writing to cache, comprising steps of placing the cache in the memory mode by setting a memory mode bit, the memory mode bit logically combined with a write directory pulse to generate a memory mode write pulse; performing a logical operation of the memory mode write pulse and a cache hit write pulse, wherein in the absence of a cache hit write pulse, the data is written to the cache in the presence of the memory mode write pulse.

Claims 2-7 and 9-14 further limit the allowable independent claims. These claims are therefore allowable for the same reason as set forth supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
